

Data Extract

For help with using AOS Data Extract please refer to one or more of the following support documents:

- [AOS User Manual - Full System](#) — for assistance with anything in the AOS system.
- [AOS User Manual - Data Extract](#) — for assistance specific to Data Extract within the AOS system.
- [AOS Data Extract Quick Reference Guide](#) — a more succinct guide for data extract help.
- [AOS Video Training - Data Extract](#) — a short video walk through of how to perform a data extract in AOS (5 mins).
- [Data Dictionary for data analysts](#) — for an explanation of all data items within your data extract.

If you still require further assistance and wish to contact AROC, you can lodge a support ticket. To lodge a support ticket, select 'Lodge Support Ticket' from the Help menu in AOS.
