

Introduction

AROC Online Services (AOS) is a website which allows you to access many of AROC's services including:

- Data Entry, Upload and Extract
- FIM and WeeFIM Credentialling
- Access to AROC Benchmarking Reports
- Contact and Facility management

To use AOS you will need a login provided by AROC.

To use the FIM credentialing system you will need a FIM ID.

If you don't have the relevant login, use the following links to find out how to apply for an appropriate login:

- [Applying for an AOS Login](#): for access to Data Entry, Data Upload, Benchmark Report access or FIM/WeeFIM Trainers and Coordinators
- [Applying for a FIM ID](#): FIM IDs are issued upon request by your FIM or WeeFIM Trainer or Coordinator, follow this link for more information.

If you already have a login, you can login from the AOS login page:

- [Logging in to AOS](#)

Once you have logged in, the relevant chapter of the manual explains how to use that feature. Follow one of the links from the menu on the left.
